

BRAUN 1-For-All-SWITCH Universal charger

Universal charger BRAUN 1-For-All-SWITCH charges virtually all old, present & future lithium-ion batteries 3.6-3.7 V/7.2-7.4 V, round batteries 3.0 V/3.6 V (CR123, 18650, LIR123A), NiMH/NiCd batteries AA/AAA 1.2 V, prismatic batteries and NiMH/NiCd blocks 9 V used in camcorders, digital cameras, MP3/MP4 players and mobile phones.

Technical specifications

- Charging Lithium-ion batteries: Contact plates can be adjusted easily from the charger bottom to the – and + contacts of the battery.
- An additional USB 2.0 port offers the convenient option to charge your electronic devices via a USB cable without having to remove the battery from the device.
- LCD display for charge status of rechargeable batteries.
- Simultaneous charging of mobile phone, iPod, iPad or iPhone and batteries possible.
- Micro-processor controlled automatic voltage detection of lithium-ion batteries 3.6-3.7V/7.2-7.4V (with reverse polarity protection) and NiMH/NiCd batteries and automatic adjustment of charge settings.
- Exact control of fast/trickle charge to ensure a gentle and complete charging of the batteries.
- The lithium-ion battery activator function refreshes exhaustively discharged batteries.
- Overload, short circuit and overheating protection as well as defective battery recognition.
- Input: 100 - 240 V/12V DC 800mA
- Li-ion charge output rating:
3.6-3.7V, 900mA max.
7.2-7.4V, 900mA max.
- NiMh/NiCd output rating:
2 x 1.4V, 800mA max.
9V, 100mA max.
- USB output rating: 5.3V, 600mA max.
- Dimension: 117(L)*67(W)*30(H)mm
- Weight: 80g

Included in delivery:

- 1200mA switching power adapter, 12V car cigarette lighter and user instructions

Item-no. 59407 / EAN 4000567 59407 9
